

Sweet Adorable Wife, Please Kiss Slower!

Novel Chapter 6 To 10

6 The Sarcastic and Mean Hag

"No need."

As he looked at the white figure gradually disappearing from sight, Lu Zhanbei raised his eyebrows. That pair of misty eyes displayed a meaningful smile with a hint of interest.

"Not only a fool, but also a lunatic."

Gu Mo strongly felt that way too. Seeing that Lu Zhanbei was still looking in the direction where Lin Wanwan had walked off to, he immediately started rummaging around him.

"What are you looking for?"

"Firecracker."

"Eh?"

"To celebrate Sir finally having an interest in women! I no longer have to constantly worry about my chastity anymore!"

Lu Zhanbei hooked a finger towards him and smiled harmlessly. "Come here."

Gu Mo let down his guard and leaned over. He stuck his head out upon Lu Zhanbei's signal to do so.

Slap!

The back of his head suffered an open-handed hit.

Seeing his wronged look, the initiator gave a slight smile. "How was it? Did it sound as loud as a firecracker?"

Gu Mo was speechless.

...

Lin Wanwan spent approximately half an hour walking back to the Lin family's place.

During this time, she carefully sorted out the original owner's memories. She felt that the name Lu Zhanbei was very distant. Thus, she should not have met him before.

She had only one word to describe the original owner.

Awful!

Her father did not dote on her, and her birth mother was no longer around. Her surrogate mother was a scheming hag, and her siblings treated her like a toy.

Although she was the second daughter of the Lin family, her position among them was even lower than that of a servant's.

However, this poor girl had a decent-looking face. The hag had dressed her up and injected some unknown medicine into her body. She had sent her to Tang Chen for a night, in exchange for future opportunities of cooperation with the Lin family.

In the end, the original owner did not manage to wake up and passed away. This benefited her though.

"Ah!"

The current Lin Wanwan, who was the famous actress Lin Xiao in her previous life, sighed.

She was not sure if God had pitied her and arranged for her to lead a life again in another body, having passed away in a car accident while saving a kid.

The original owner had been dealt a bad hand, though. Even Lin Xiao, who was deemed the youngest best actress in the entertainment circle, thought that it was a headache.

"Second Miss is back!"

She unknowingly walked to the gate of the Lin family's villa. Some servants who were in the midst of cleaning immediately screamed and cheered loudly.

"Oh, what a miracle! She actually found her way back home. I thought she had been abducted and would not be coming back ever again!"

"Who will abduct a mentally handicapped person? She won't be valuable when sold."

"Hahaha..."

The original owner was already used to such ridicule.

Lin Wanwan could not be bothered with them. There were plenty of opportunities to take care of this heartless bunch in the future!

With a disdainful look, Lin Wanwan crossed the garden and reached the

living room.

The living room was magnificent and showed off the status of the nouveau riche.

She saw the hag, who was also her surrogate mother Tao Xinyue, sitting on the sofa made of real leather, watching television.

Tao Xinyue gave her a side glance, and her well-maintained face showed traces of intolerance. "Why are you back so fast? Has Tang Chen touched you yet?"

Lin Wanwan bent her head down and did not say anything, displaying the same fear the original owner had.

"Forget it. It's useless asking you anyway."

Tao Xinyue flicked her nails and showed a mean look.

"What is the use for the Lin family to raise such a fool like you? There's nothing you know except getting into trouble. You can't even service a man well! You haven't inherited any seductive ability from your slutty mother!"

7 A 'sFool's Was Also Capable of Counterattacks

The name calling of 'fool' and 'slut' could be said to have reduced both Lin Wanwan and her birth mother to ruin.

Even though Lin Wanwan did not have much of an impression about her cheap birth mother, she started to feel irritated.

"Are you mute?"

The more Tao Xinyue looked at her, the more she felt that she was not

pleasing to the eye. As she scolded, she reached out and pinched her waist.

"Had I known you were so stupid, I would have strangled you to death when you were six! Not only are you a child of a slut, you are also so stupid and hopeless! You're only wasting resources by living!"

Before her hands reached Lin Wanwan, she agilely avoided them.

"You dare to hide from me?" Tao Xinyue was stunned for a moment. She flew into a rage and prepared to scold her.

"Boohoo..."

Lin Wanwan burst into tears without warning. Her sharp and high-pitched voice traveled to Tao Xinyue, and she felt as if thin needles were constantly being inserted into her eardrums.

Her mind started to hurt, and she glared fiercely at her.

"Stop crying!"

"Boo...!!!"

As if frightened, Lin Wanwan started to cry even louder.

Tao Xinyue's ears began to ring. She felt sulky and could not breathe.

Out of desperation, she abandoned her rich lady mannerism and shouted, "Stop crying! I'll stop scolding you!"

Old devilish hag. You want to pick a fight with me?

Lin Wanwan wiped away the nonexistent tears from her face in satisfaction, then continued to sob.

If not for the fact that the situation was unstable now and she was afraid of others exposing the loopholes, she would have delivered a slap to her immediately!

It was unexpected that the youngest best actress in Xia country had now fallen to the state of having to cry like a pitiful child.

"What a troublemaker!" Tao Xinyue thumped her chest in uneven breaths. "I'm so irritated when I see you. I'm thirsty, go and get me a cup of tea!"

"Oh..."

Lin Wanwan's eyes flashed and she obediently went away.

A few minutes later, Lin Wanwan carried out a steaming hot cup of tea.

"For you."

"How many times have I told you? Call me Missus!"

Thinking back about the incident just now, Tao Xinyue continued to boil with anger. She raised her hand and wanted to knock over the teacup in Lin Wanwan's hands.

However, the moment she raised her hand, Lin Wanwan's hands started to tremble, as if scared. The entire cup of steaming hot tea spilled on Tao Xinyue's body.

"Ah...!"

She let out a pig-like scream and started to frantically pat at the burnt areas.

Lin Wanwan's lips curved, but she maintained a blank expression.

So this old hag was still capable of feeling pain? I thought that since she was coldblooded, she had stopped feeling any pain since a long time ago.

Compared to what the original owner went through, what was this little pain to her?

The servant rushed in after hearing the cries. Upon seeing Tao Xinyue in pain, she was shocked!

"Missus! What happened to you?"

Tao Xinyue showed a look of excruciating pain. She pointed a trembling finger at Lin Wanwan. "Quick! All of you quickly beat this animal to death!"

"Yes!" A few servants immediately rushed towards Lin Wanwan, as if she was prey.

In the Lin family, it was very commonplace for her to suffer physical and verbal abuse.

Lin Wanwan squatted down and curled herself up next to a vase which was half the height of a person. She displayed an extremely pitiful look, like a lamb about to be butchered.

However, her falling hair blocked her vision of the red lips that were constantly moving.

1, 2, 3...

After the count of three, the servants pounced and were about to grab Lin Wanwan's hair when a stern but angry voice sounded.

"What are all of you doing?"

"Qinghao!"

Tao Xinyue, who initially planned to return to her room to change her clothes, saw Lin Qinghao's grim expression and was flustered for a second.

8 I Did It Deliberately, So Come at Me!

After calming down, she gave the servant a warning look and said softly, "It's like this, Wanwan was disobedient..."

Of course, Lin Wanwan was not going to let her continue her words.

Besides increasing Tao Xinyue's unhappiness, the reason why she had created such a scene was mainly because Lin Qinghao was back, and she wanted to get his attention.

In terms of acting skills, she Lin Wanwan was not afraid of anyone!

"Father..."

She lifted her head and looked at Lin Qinghao, who was also the original owner's father.

He had bushy eyebrows and a pair of big eyes, and he could be considered one of the more handsome men of his generation.

"Wanwan is very obedient, and knows a lot of things, like washing clothes,

sweeping the floor, cleaning the toilet... Wanwan doesn't eat much as well. Father, please don't hit me..."

The seventeen-year-old girl was slim and slender, and she looked pitiful curled up in a ball.

The way that that pair of crystal clear eyes looked carefully at him made Lin Qinghao's heart soften.

When he realized the servants were carrying feather dusters and bats, his expression immediately changed.

It was true that he did not like this foolish daughter. That did not mean that he was willing to let the servants bully his own flesh and blood!

"How dare you! Regardless of what Wanwan did, she is still the second daughter of the Lin family. You dare to hit her? Are you tired of living? Do you want to be fired?"

"Master..." Some faces turned white; they shot Tao Xinyue a pleading look.

Tao Xinyue could see that Lin Qinghao was really angry. How would she dare to plea on behalf of the servants?

Lin Qinghao ordered, "Housekeeper, come here! Chase away these people and send them to the police station to be locked up!"

"Master, no!" Some of them were petrified.

In the Imperial Capital, the Lin family had powerful influence. One word from Lin Qinghao and they could all easily be locked in jail for three to five years.

"We dare not do this again! Missus, please help us to say something! Second Miss, Second Miss..."

Tears streamed down their cheeks. Two of them even knelt down.

Lin Wanwan gave a cold smile. The authority to forgive them belonged to the original owner.

She was already showing mercy by not sending them to their deathbed to meet the original owner.

"Chase them out!"

Although some were unwilling, they were eventually all led out of the house by the housekeeper.

Noticing that Lin Qinghao was looking at her, Lin Wanwan shot him an obedient smile. Without the foolishness before, she was like a six- to seven-year-old kid who could easily soften someone's heart.

"Father's the best~"

Lin Qinghao's face softened. It was rare that he took the initiative to say, "Come and tell me if someone bullies you in the future."

"Qinghao!" Tao Xinyue was not willing to take this lying down and prepared to exaggerate things.

"Thank you, Father."

Lin Wanwan used a pure and innocent smile to attract Lin Qinghao's

attention once again. She did not forget to give Tao Xinyue a look and said, "Only Father treats Wanwan the best at home!"

This little slut...

Tao Xinyue was momentarily embarrassed.

Seeing Lin Wanwan's smiling face, Lin Qinghao could not bear to be heartless. He warmly said, "It's not early anymore, go and rest."

"Yes, yes!" Lin Wanwan obediently walked up the stairs.

Looking at her back, Tao Xinyue frowned.

She was not sure if it was an illusion. Although Lin Wanwan was still a fool, she did not seem to be as irritating as before.

She actually dared to initiate a conversation with Lin Qinghao. And that cup of tea that spilled over her... www.onlinefreenovels.com

Although what she did today seemed crazy, the results created were very beneficial to her.

Was this just a coincidence? Or was it intentional?

Suddenly, Lin Wanwan turned and looked at her.

Their gazes met. In that one moment, Tao Xinyue thought she saw her smile.

As if to say she did it deliberately, so come at her...

9 Lin Wanwan... Thank You and Goodbye

Tao Xinyue was stunned. When she tried to take a closer look again, Lin Wanwan was already far gone.

Was that an illusion?

"Treat Wanwan better next time."

Lin Qinghao's voice broke through her thoughts.

"She is my biological daughter after all."

Tao Xinyue instinctively wanted to rebut his words but immediately changed her mind.

"Qinghao, you treated Lin Wanwan's mother so well in the past, but she eventually abandoned her daughter and left. Such a heartless woman, how would her daughter turn out to be any good? She became a fool at the age of six, which meant that even God could not be bothered with her! If not for you, Old Master, I would never have raised this illegitimate daughter!"

Indeed, Lin Qinghao's expression worsened. He said coldly, "Do not bring up things from the past anymore!"

"Yes, Old Master. Goodbye and take care."

As she watched him stride away, Tao Xinyue glanced at the direction of the stairs once again and revealed an evil smile.

She could easily manipulate Lin Wanwan not only because she was a fool.

Even if she was a normal human being, tormenting her was no more difficult than tormenting an ant!

...

At this point in time, Lin Wanwan was also recalling her memories.

The original owner's birth mother was one of the Lin family's servants, who was very beautiful. Lin Qinghao became her lover, and they gave life to the original owner.

When Lin Wanwan was five, her mother left without any warning and disappeared from this world since then.

Lin Qinghao searched for her for a long time but could not find her. In a fit of anger, he started to be infuriated with Lin Wanwan.

Later, because of that incident, her IQ always remained as that of a six-year-old, and she was all the more not to be seen by the public.

It was ridiculous that Lin Wanwan had no other choice right now but to temporarily rely on this a*shole of a father.

At the very least, he was the only one in the Lin family who would not try to harm her.

Lin Wanwan stood up and circled around the 20-square-meter room. She rubbed at the frown in between her eyebrows and tried not to think about the properties and famous cars she owned in her previous life.

"Forget it, I shall take a shower first and then sleep."

At least there was a separate washroom here. Thinking about this, she was satisfied.

Standing under the shower head, Lin Wanwan enjoyed the warm bath. As she stroked her arms, she discovered that there were not only some old scars but

also a small pinhole.

That would have been left by Tao Xinyue when she injected the unknown medicine into her body.

It looked like it was time for her to pay a visit to the hospital for a medical examination.

After changing into her nightdress and tucking into a blanket, she fell asleep very quickly.

She had a dream.

In the dream, a six-year-old girl hugged a rabbit doll which was missing a ear. She smiled sweetly at her and waved.

She slowly walked forward, her figure becoming smaller and smaller until it eventually disappeared into the dark.

After waking up, Lin Wanwan stared blankly at the white ceiling. A tear fell from the corner of her eye.

"Lin Wanwan..."

She sat up and found the rabbit doll from the closet. She hugged it tightly.

"Thank you and goodbye."

From today onwards, Lin Xiao will be Lin Wanwan!

As long as she stayed in this body, she would lead a good life for the girl!

What others owed her, she would make sure that they return it a hundred times!

...

Since the original owner fried her brains when she was six, the Lin family never arranged for her to go to school again.

Besides being poked fun at and despised by everyone, she was also ordered like a servant by Tao Xinyue every day she was at home.

The Lin Wanwan now would no longer be a punching bag. She casually changed into a simple white dress and left the bedroom.

"Second Miss."

The warning that Lin Qinghao sent out yesterday was still fresh in their minds. Even though the servants were disdainful, they had no choice but to greet her respectfully.

10 A Bloody Scene

"I want to go out."

Lin Wanwan walked barely two steps before she was stopped by two people.

"Second Miss, Missus said..."

"What did you call me?" Lin Wanwan stared at the two and asked this in a soft-spoken manner.

Her slightly young face looked innocent and harmless, but the two strangely felt pressured by her.

"Second Miss..."

"Well then, get out of my way."

Actually, she wanted to ask them to get lost.

Not until Lin Wanwan's figure disappeared did the two servants recover themselves and looked at each other.

It was obvious that Lin Wanwan behaved similarly as before, but they just felt that something was not right somewhere.

It was as if this fool gained something overnight.

Actually, this something was an aura.

Lin Wanwan was, after all, the youngest best actress in Xia country in her previous life. If she could not even handle these two small characters, she could be said to have wasted all her years spent previously in the entertainment circle.

Walking on the busy road, Lin Wanwan checked her wallet.

520 yuan. That was all her savings.

After having a delicious lunch, she continued to stroll and decided to sneak a look at her house in her previous life.

Because it was a long journey and she did not have much money left in her wallet, she could only walk slowly.

Not until both her legs no longer had any strength and the sky turned dark did she finally see the outside of the villa looming in the distance.

Oh, her big mansion!

This small road was a shortcut and thus was slightly remote. Street lights were not installed as well. A gust of wind blew, and the rustling sounds of the sycamore trees on both sides of the road could be heard.

Lin Wanwan half jogged then came to a halt!

She suddenly smelled a very strong bloody smell...

She made her way through the thick bushes and carefully swept the leaves away. With the moonlight shining, she could clearly see the scene ahead of her.

That moment, her pupils contracted!

Dozens of bodies lay askew on the wide road. Blood drenched the ground, and a dozen pairs of eyes were wide open. They did not die in peace. The scene was extremely horrific.

Approximately 100 men in same-colored suits stood on the empty space by the side, their postures straight and their heads looking up towards a certain direction.

Rumble!

Lin Wanwan subconsciously lifted her head when she heard the sound of propellers rotating.

A helicopter appeared from seemingly out of nowhere and was hovering in midair. It got closer and closer down until it finally stopped above the road.

After pulling it open, a slender man stood by the helicopter door. The breeze slightly messed up the strands of hair across his forehead, revealing it to be round and smooth.

That pair of cool eyes swept down, and the innate power and nobility seemed

to radiate to every corner.

"Sir!"

The 100 men called out simultaneously, their voices loud and clear.

"Has it all ended?"

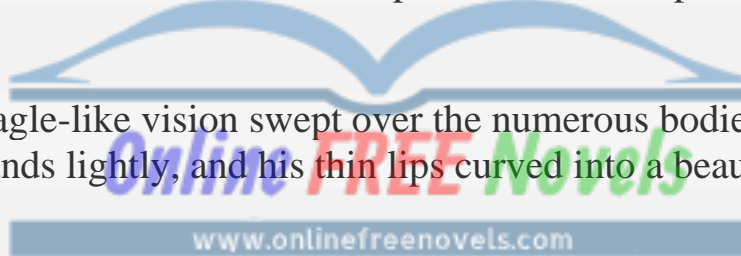

The lazy male voice drifted down from 20 meters in the sky and into Lin Wanwan's ears.

It was him?

Lu Zhanbei...

"Sir, it has all ended." Gu Mo took a step forward and respectfully answered him.

Lu Zhanbei's eagle-like vision swept over the numerous bodies. He shook the goblet in his hands lightly, and his thin lips curved into a beautiful arc.

"Not bad. But I have said before: let everyone who wants to kill me die completely. Not a single breath should remain. As humans, we must honor our words."

"..."

Lin Wanwan trembled a little upon hearing such shockingly heartless words said in a casual manner.

She never thought that Lu Zhanbei, the man she had labeled as good in her heart, had such a ruthless side!

"I apologize, Sir, it's my mistake."
